How did you celebrate what is, a great achievement?

On the night I celebrated with a few drinks and lots of photos with my colleagues who attended the ceremony. At the weekend I had a couple more!

How have your colleagues responded to your Award?

Actually I was very surprised to see how happy my colleagues were for me! It was such a positive reaction to the accolade back at the office - but then we are a strong team.

What's your favourite service?

I must say I've been fortunate at NNR to work with all modes – but for me, it's Airfreight.

Where else in the NNR network would you like to work?

Actually I'm really happy in London but maybe New York, Los Angeles or Dubai one day?

Where do you think NNR add the most value?

It has got to be our outstanding customer service. NNR people pride themselves on being the best and providing great customer service in this industry speaks volumes.

Who has influenced your career?

Since joining NNR, many people have played a positive role in my career. Without mentioning names, I wouldn't be where I am today without the great influence of the management team I have had the opportunity to work with at NNR. From Supervisors, up to Directors, everyone has been such a positive influence, for which I am very grateful.

What's next for Pavan?

My goal has always been to learn and take more responsibility. I want to continue to build on my personal skills and increase my knowledge of logistics. Time will tell where it takes me!
